FROM THE BOARDROOM

On behalf of the club can I extend a warm welcome to the players, officials and supporters of Cambridge City this afternoon. They have made a solid start to this campaign and will provide the Blues with stiff opposition today after narrowly missing promotion last season.

We bounced back after the disappointing home defeat against Aylesbury with a very professional away win at Kidlington. In driving rain and on a heavy pitch, we demonstrated no small amount of skill to further showcase our attacking intent. All present were delighted that Arel Amu hit his first hat trick for the club. His selfless hard work at last got the rewards that it deserved. Let's not forget that he gave up the opportunity of a fourth goal by passing the penalty taking responsibilities to Saul. A touch of class Arel and a healthy dose of humility!.

We've formally launched our '100' club in the last few days. For just £3 per week you can enter our weekly draw, with 50% of the takings going into the prize pot, and the other 50% going to our player budget. It's a fun way to support the club and we are very heartened by the uptake so far. Details are available on our website and on our match day Market Stall.

In the last addition of the digital magazine I highlighted the need for more volunteers on match day. Well, against Aylesbury we had three new volunteers giving their

time to match filming, social media and hospitality. Welcome to the Dunstable Town family. We couldn't be happier to have you on board.

It won't have escaped your attention that our record breaking summer is now behind us. Why not visit our supporters Market Stall and purchase a DTFC scarf or hat, and we are also showcasing our merchandise from our new kit provider Macron? We are delighted with the variety and quality.

On the social side of the club, please look out for upcoming events which will include a Quiz Night and a reprise of the very popular Race Night on the 27th October

We still have some player sponsorships available, and would be delighted to talk to you about match or match ball sponsorship.

In conclusion, let's get behind the team today and bring home another three points!

Enjoy the match

MANAGER'S NOTEBOOK

Good afternoon and welcome to everyone from Cambridge City.

We are getting used to life in this league and in particular some of the pitches. This requires us to sometimes rethink the way we play. Although, overall we won't change the fundamental core structure, as we always seek out the long term potential in players, an ethos that forms the fabric and foundations that preserve a long term future for this club. Put simply, we cannot just follow the mould of other teams at this level and above, because it is unsustainable. We have taken over a year now, but the mind-set has changed and our pathway master plan is something we all buy into, as we understand the economic and common sense approach.

So, you sort of end up with what looks like an U23 side that, at times is clear, requires learning and they are doing it on the job. What is also clear is the freedom that we allow the lads to express themselves. We have settled now into some structure that fits the tools we have at our disposal and we made two signings of players that had great starts away at Kidlington. They showed great confidence and that allowed our players further forward, to express themselves and my word, this group can display football you would not be disappointed to see in the championship and goals that have premiership quality.

I would like to make a special mention again for Lanre Ladipo. A smashing lad I've known for many years with his time at QPR in the academy. He is now awaiting a date to schedule ACL reconstruction and this can be the hardest part for a player. I have been there, and so has my son ... twice. It can be a dark lonely place, but rest assured he has mine and everyones support and he will fight his way back to fitness and the game he has dedicated so much to.

Enjoy today's games, so far, we have at least provided many goals to enjoy and we hope the ones you see today are in our favour.

CAMBRIDGE CITY HISTORY

The club was formed in 1908 as Cambridge Town, the direct descendant of the earlier Cambridge St Mary's club which had folded at the end of the 1907-1908 season following a dispute with the local Cambs FA. As a torchbearer for amateur football in the days when many clubs viewed the professional game with disdain, the new club affiliated itself with the recently established Amateur Football Association rather than the local FA. Trophy success came early, with a notable victory being achieved in the International Du Nord Trophy in 1912 after beating host club Tourquennois in Northern France. Cambridge Town amalgamated with an earlier Cambridge United club in May 1914, joined the Cambs FA for the first time and in turn gained entry into the FA Cup and the FA Amateur Cup for the first time, whilst retaining their AFA links. The club's best ever run in the Amateur Cup came in 1928 when they reached the semi Final only to lose to Leyton at Fulham's Craven Cottage ground. The club moved to the Town Ground in Milton Road in April 1922, having previously played at Purbeck Road, the Hills Road Bridge Ground, Trinity College New Field and various other grounds in the period 1919 to 1920.

Cambridge Town moved on to the Spartan League, winning three league titles between 1945 and 1950. Shortly after progression to the Athenian League, Cambridge was granted City status in 1951 and with it the club's name change to Cambridge City. City finally left the amateur game in 1958 and joined the Southern League, gaining a place in the Premier Division of the Southern League ahead of local rivals Cambridge United in their first season. City won the Premier Division in 1962/63, edging out United in an enthralling

title race with the local derby at Milton Road being witnessed by over 11,500 people.

City lost their way and were relegated to Southern League Division 1 in 1967/68. Promotion back to the Premier Division followed in 1969/70, but this was the same season Cambridge United were elected to the Football League.

City finished Southern League runners up in 1970/71, but the latter years of the decade were dreadful. Relegation in 1975/76 saw crowds dwindle and the Club fall into decline. In 1977, Directors decided to return the Club to amateur status by joining the Isthmian League but, in scenes that would be repeated 30 years later, subsequent fans' protests forced most of the Board to resign. The club thus remained in the Southern League.

After the redevelopment of the ground in the mid 1980's, City gradually improved and a new generation of fans mobbed their heroes after the 1985/86 Southern League Southern Division championship was won on the last day of the season. The goal scoring exploits of Gary Grogan were instrumental in City's recovery, according him a 'City Legend' status. Since 1993, City have reached the 1st round proper of the FA Cup five times and the 2nd round once, which is a far better record than achieved by the more illustrious City sides of the 1960s.

Recent seasons have been a roller-coaster ride for the City faithful. City's best season for 30 years saw them finish runners up in the inaugural Conference South season in 2004/05, going on to lose in the play-offs.

CAMBRIDGE CITY HISTORY

Off the field the ground had been sold to pay off mounting debts and matters took a turn for the worse in 2006 when the then Board announced an agreement to allow City to be absorbed into Cambridge United. With City on the brink of extinction, supporters were galvanised into a campaign which eventually forced Directors to resign, to be replaced by members of the Cambridge City Supporters' Trust. The opening league match of 2006/07 was arguably the most memorable since the early 1960s – not merely because City won with a stoppage time winner at Havant & Waterlooville, but because it offered irrefutable proof that that City had survived a blatant attempt to kill it off and were very much alive and kicking. City celebrated their centenary in 2008, but were demoted at the end the 2007/08 season due to over-zealously applied ground regulations. This decision ended 22 consecutive seasons in the 2nd tier of non-league football. City lost out to Gloucester City in the 2008/09 play-offs and in the 2009/10 season, City won the Southern League Cup for the first time and finished one point shy of a playoff place. With the ground sold, a groundshare agreement was in place with Newmarket Town for the 2010/11 season but a last minute offer from our landlord meant that City had another season in its own stadium and celebrated by securing a place in the playoffs with a 4th place finish in the league. However, this was met with disappointment again as the team went down one nil away to Salisbury City. Another reprieve with a new deal with the landlord gave City two more seasons at Milton Road. Once again the play-offs were reached but again an away defeat in the semi final, this time at Oxford City. This disappointment was

however tempered by the news that the club has secured a site on which to build a new stadium and training complex. City ultimately missed out on a play-off spot, but the club enjoyed a FA Cup run, with a televised first round proper home tie with MK Dons producing a fantastic night with a nil nil draw at Milton Road before losing in the replay at Stadium MK. With our lease on the stadium finally coming to an end, April 27th 2013 saw the last ever first team match at the ground before a large crowd with mixture of tears and smiles. Adrian Cambridge had the honour of scoring the last ever goal at Milton Road.

A new era for the club commenced in August 2013 with a temporary base at Histon FC. City once again reached the play-offs that season but once again tasted semi final defeat, this time at home to St Albans City. Robbie Nightingale took over as manager in December 2016 and won his first game in charge to boost City's hopes of avoiding the drop. City's playing record improved culminating in five wins and a draw in their last six games but ultimately it was not enough and the club were relegated to step four for the first time in our history. With plans for the new ground in Sawston being re-submitted in Autumn of 2017 City are looking forward to visiting many new clubs this season with the hope that a new home will be on the horizon in the near future.

After two seasons groundsharing at Histon and three at St Ives, City are now back closer to home at Histon again.

REPORTING IN KIDLINGTON 1-5 DUNSTABLE TOWN

Dunstable Town gave debuts last week to goalkeeper Fred Burbridge, signed on dual registration terms with Borehamwood and to Kyle Lincoln, who played with such distinction that in days long gone.

Arel got the Blues off the mark in the 15th minute with an audacious chip over advancing Kidlington goalkeeper, Sam Warrell, and then made it two, only 8 minutes later slotting home firmly, following good work by Kyle Lincoln on the edge of the box.

Two goals up and 23 minutes played nearly became three up, minutes later, as Arel sent in a teasing cross from the right, narrowly missing Saul Williams. Further good work from Erin Amu, Alex Taylor and Chris Wreh saw the latter get a shot away which Warrell got down to smartly. Ethan Lamptey shot from range when he saw Warrell stranded off his line, but agonisingly for Dunstable the shot didn't find it's mark.

Three minutes later and Kidlington scored their first goal of the season, and from their perspective it was a well taken header from inside the 6 yard box leaving Fred Burbridge no chance of saving it. Goal scorer, Jamie Calvin, doing justice to a pin point cross from the right.

Kidlington naturally celebrated their goal with delight and enthusiasm but even buoyed by the goal they couldn't penetrate the Dunstable defence a second time before half time. Talk over the half time cups of tea were of the next goal likely to be crucial in deciding the outcome of the game

Dunstable came out for the second half all guns blazing and in a purple patch between the 55th and 63rd minute effectively put the

game to bed with three goals with three goals in 8 minutes.

However even before the all important fourth goal, Dunstable had already stated their intentions with some lovely build up play and one shot which was well saved and another which went wide.

Dunstable gave themselves a two-goal cushion on 55 minutes when Arel Amu stepped up and dispensed a penalty beyond Warrell's reach. The penalty had been awarded after Saul Williams had broken free of his marker and was fouled as he advanced on goal.

Chris Wreh gave way to the man marvel that is Daniel Trif, who delighted us all with a cameo performance and a uniquely individual goal two minutes after coming on, deftly placing the ball past Warrell. Daniel is being sponsored by the Regiment this season and the goal was scored at the end they were standing at, open to the elements and getting a thorough soaking. Hard core support, followers through thick and thin is not always easy to find and hopefully Daniel's goal was some reward for their loyal devotion to the Club.

Two minutes later and Saul was again in the thick of things being brought down inside the box, only to dust himself down and take the penalty himself to wrap things up for the afternoon in terms of goals.

Kidlington, to their credit, didn't give up and kept going, playing for pride and respect. They hit the post, had one kicked off the line, and their effort throughout the 90 minutes could not be questioned.

HATTERS THROUGH TO NATIONAL FINALS

The Northern and Southern TRA Walking Football Leagues concluded with the Hatters finishing fourth.

The town now qualify for a 'Ryder Cup' style finals with the top four southern teams - Bexley, Romford, Colchester, Luton Town due to play against the top four northern teams - Leggy Mambos, Peterlee Helford, Leeds Titans, Blackburn Rovers at Leicester PlayFootball on 2nd December 2018.

"Hatters Player / Manager Arthur Mason said "To finish fourth and to qualify for the finals at Leicester is a great achievement in our first league season as it was a very strong league with lots of good teams.

We have played some excellent football at times this season and we have learned a lot this year. With a bit of luck and a full squad we could have finished even higher. Now we have another chance on the national stage which is a great way to finish the season"

29 SEPTEMBER 1971 - CHELSEA COOKS UP A BAKER'S DOZEN

On 29 September 1971, Chelsea recorded their widest margin of victory, beating Jeunesse Hautcharage 13-0 in the second leg of their first-round meeting in the Cup Winners' Cup.

The tie was effectively over after the first leg, with Chelsea beating Hautcharage, an amateur side, 0-8 in Luxembourg. But the 27,621 people who turned up at Stamford Bridge for the second leg were treated to a match of historic proportions.

Striker Peter Osgood started the scoring deluge, providing the opening goal in the fourth minute, then adding another two minutes later.

By halftime, the Blues were leading 6-0 with additional goals from Alan Hudson (11'), John Hollins (13', pen.), David Webb (23'), and Ron Harris (44').

In the second half, Hautcharage successfully defended their goal until the 61st minute, when Tommy Baldwin increased the lead to 7-0.

More goals soon followed, including two more from Baldwin (68', 90'), a second-half hat-trick from Osgood (63', 80', 88'), and one from Peter Houseman (77').

The final score of 13-0 set a single-game Chelsea record and, with a combined score of 21, also beat the previous European aggregate record of eighteen.

Unfortunately for Chelsea, their scoring fortune ended in the next round, where they lost to Swedish side Atvidaberg on away goals, 1-1.

INCREDIBLE STRENGTH WITHIN YOUR GRASP!

FORTY TONNE TRUCKS!

This week's NLP programme column below, written by Hugo Varley.

It was a real shame to see the FA's decision to remove Whyteleafe from this season's FA Cup over what seems to have been an incredibly minor administrative mistake.

The Essex-based club were kicked out of the competition just 24 hours before their second qualifying match against St Albans after the FA ruled that an ineligible player had been played during an earlier round.

If their appeal is unsuccessful then it is believed that Whyteleafe will have to return the £6000 they received for beating Corinthian Casuals in the previous round; while a potential points deduction could also be on the cards as the ineligible player has also represented Whyteleafe in a Bostik Division One South game this season.

In some respects I see the argument that rules are rules and if one is broken then a club should be punished, however on occasions like this it is plainly clear that the FA have a

completely blinkered view of the realities of Non-League football.

Clubs like Whyteleafe usually rely on the work of volunteers or part-time staff whose responsibilities stretch across numerous different duties.

It would be perfectly reasonable to expect a Football League club, who have a fully staffed administrative department, to abide by all regulations; however in Non-League the situation is completely different.

My worry is that if the FA is insistent on stringently enforcing every single rule without looking into the context of individual situations then the volunteers throughout Non-League football may decide against continuing their involvement with their local sides for fear of making a potentially damaging mistake.

It is absolutely essential that the FA develop a level of common sense with regards to their regulations and realise that a certain amount of leeway should be given in certain situations.

Brighton & Hove Albion winger Anthony Knockaert spoke openly about his battle with depression recently, and has urged those affected not to be afraid to step forward. The Frenchman gave an unprompted insight into his struggle with depression over the past two years, but says he is now in a much happier place and focused on positive times ahead.

In a frank interview, he said, "I went through depression last season, which people obviously didn't know about. It was really tough and mentally impossible for me to go and perform on the pitch. I went through a divorce last year during the pre-season, so it was really tough to take, especially after my dad [passing away]. I wasn't able to do what I should have been doing on the pitch. The club helped me and now I'm ready to talk about it. I'm happy again and everything is going well in my life. It's important in my eyes to leave this message, to help other people who are going through something like this. It's not something to be ashamed of, you have to talk to someone because you never know what can happen in your life. One day you can be successful and another day you can become no one. Life can turn like this. That's what happened to me and I just didn't see it coming. It was important for

me to give this message - you shouldn't be ashamed to go and speak to someone."

Knockaert also highlighted the help and guidance he received from counselling sessions and the support from those closest to him, as he worked his way through difficult times to reach a healthier state of mind.

"I said to Bruno last December that I couldn't keep going like this and he went to see the gaffer. He [Chris Hughton] then sorted me out. The manager came to speak to me and said 'we're not giving you the choice, we're getting you a counsellor'. Since that happened, I've got better and better. There was a combination between her and the club and that has helped me a lot. Depression is a really bad thing. A few years ago when people talked to me about depression, I was like 'what is this?' You don't really take it seriously until it happens to you. But then you realise what it's like because you're going through the worst period in your life. So I just want to leave a message to footballers and people in general, that as soon as they go through this, it's really important to talk to someone and not be scared."

ON THE ROAD WITH THE BLUES

Bromsgrove Sporting club was founded in 2009 as a supporters consortium with the plan to buy Bromsgrove Rovers and take them out of administration. When another owner was found for Rovers it was decided to create a new club instead. On 2 June 2010 Sporting were offered the lease of Victoria Ground after they had promised to make the ground available for Bromsgrove Rovers fixtures too. However in August 2010, Bromsgrove Rovers were expelled from the Southern League, thus allowing Sporting sole use of the Victoria Ground. The Rovers club was subsequently dissolved.

For season 2012–13 Bromsgrove Sporting were promoted to the Midland Football Combination Premier Division due to a reorganisation of that league. On 10 May 2014, in front of a crowd of 414 at the Victoria Ground, Bromsgrove, Sporting's first team lifted their first piece of silverware, recording a 4–1 victory over Paget Rangers in the final of the Smedley Croke Memorial Charity Cup with goals by Danny Ludlow (2) & Billy Russell (2).

As of season 2014-15 the league was rebranded Midland Football League after the Midland Football Combination merged with the Midland Alliance. Sporting played that season in the First Division of the MFL.

Bromsgrove gained a reputation for being the perennial bridesmaids, finishing 2nd for three consecutive years prior to 2016-17 in a league that offers just the one promotion place. However the 16-17 season saw the club finish as champions and thus gaining promotion to the MFL Premier Division at last, becoming 'invincibles' in the process as the side remained unbeaten in the league. Sporting also reached the semi finals of the F.A. Vase, before being edged out 2-1 on aggregate by Cleethorpes Town one game from Wembley. Season 17-18 saw Sporting become champions of the MFL Premier Division at their first attempt, thus achieving back to back promotions and securing a place in the Southern League Division One Central for season 2018-19. The club also won The Worcestershire FA Senior Urn for the second successive season.

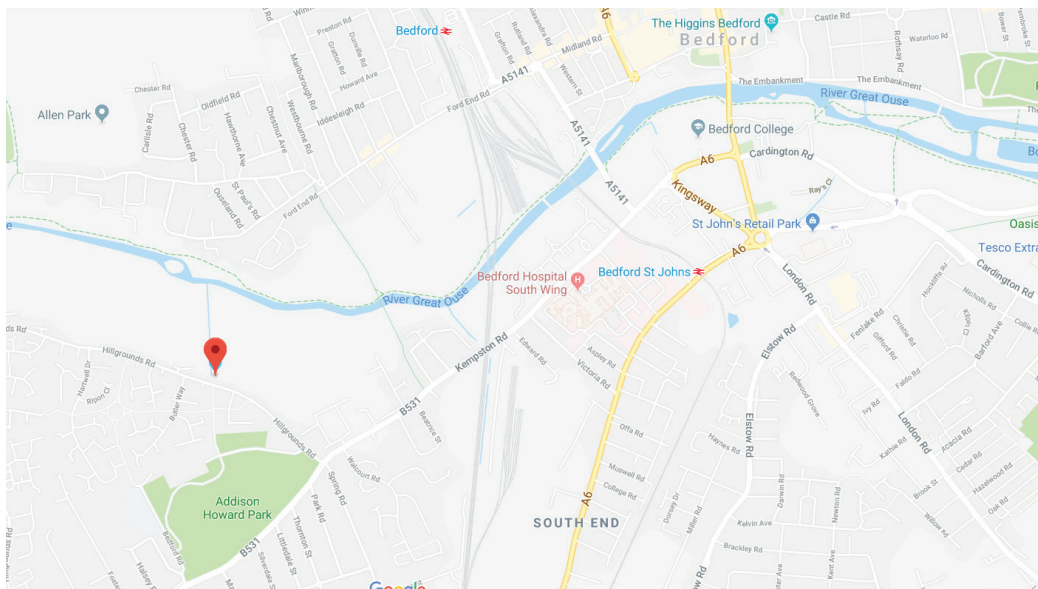

ON THE ROAD WITH THE BLUES

The club are thought to have been founded in 1884, although the first evidence of their existence dates to 1887 when the Kempston Rovers rugby club played their first football match. At the rugby club's AGM in 1891, it was decided to create a football team called Kempston Montrose. Three years later Kempston Montrose folded and its assets transferred to Kempston Association. An 1895 meeting saw another new team formed, Kempston Rovers. They gained the nickname "the Walnut boys" due to Kempston being well known for its walnuts.

The club initially played in both the Bedford & District League and the Biggleswade & District League; they won the Bedford & District League in 1907–08 and 1908–09 and the Biggleswade & District League in 1910–11 and 1911–12. In 1927 they joined the Bedfordshire & District County League, which became the South Midlands League in 1929,[3] where they remained until switching to Division Two of the United Counties League in 1953. They won the division in 1955–56, and the following season Division Two and One were

merged into one league in which Kempston finished runners-up. In 1957–58, the club were United Counties League champions. The league was split into two division again in 1961–62 and Kempston were placed in Division Two. Despite finishing tenth that season, they were promoted to Division One.

In 1973, Division One was renamed the Premier Division and in 1974–75 Kempston were league champions again, also reaching the fifth round of the FA Vase. In 1978–79 Kempston reached the fourth qualifying round of the FA Cup, the furthest they have ever got in the competition. They repeated their record FA Vase run in 1980–81, again reaching the fifth round. Rovers were relegated to Division One at the end of the 1982–83 season, having finished bottom of the Premier Division, but were promoted again in 1985–86 after winning Division One.
